

Homework, Weeks 3-4: Tight-Line Nymphing - No Indicator, Direct Feel Only

Five minutes a day beats an hour on Saturday. Print this sheet and stick it on the fridge.

- ☐ Blind-feel drill, 10 minutes: eyes closed, a partner taps or pinches your line at random intervals - call every one.
- ☐ Tie the Davy knot with your eyes closed - Joe's "in the dark" night-fishing standard. Three clean ties.
- ☐ Build one full Harvey slack leader from the recipe: 40" of .017, 20" of .015, 20" of .013, 12" of .011, 12" of .009, 12" of .008, then 24-36" of 4X-6X.
- ☐ One session with the indicator removed, log every take you felt - and every one you suspect you missed.

Parents: you don't need to fish to help. Hold the hoop, count the reps, and ask what today's cue was. Five minutes of attention beats an hour of equipment.
