

WARM WATERS SCHOOL · BASS, PANFISH & CARP

Homework, Week 3: Reading Warm Water

Five minutes a day beats an hour on Saturday. Print this sheet and stick it on the fridge.

- ☐ Visit any water and find all five edge types. Photograph or sketch each one and label it.
- ☐ Watch a pond for 10 minutes with no rod. Write down where you saw fish move or feed.
- ☐ Practice the low, slow approach in your yard: walk up on a target without “spooking” it.

Parents: you don't need to fish to help. Hold the hoop, count the reps, and ask what today's cue was. Five minutes of attention beats an hour of equipment.
