WARM WATERS SCHOOL · BASS, PANFISH & CARP

Homework, Week 6: Conservation & the Great Day

Warm Waters practice sheet - pairs with the Warm Waters School pages. Five minutes a day beats an hour on Saturday. Print this sheet and stick it on the fridge. You do not need to buy a rod for homework.

☐ Do a real 5-rock survey at your water and record the rating. Tell someone the result.

☐ Practice a wet release: hands wet, fish in the water, quick unhook, 3-second lift at most. Describe it back to a Harvey Leader.

☐ Write your one conservation commitment and put a date on it.

Water rule: any practice at real water needs a parent or adult with you. No exceptions.

Partners: a parent, a buddy, or a Youth Helper can hold the hoop, count the reps, and ask what today's cue was. You don't need to fish to help. Five minutes of attention beats an hour of equipment.
